

SB, Extension cables for programming, PP490, PP492, 2020-05

SYMPTOM/DESCRIPTION

To facilitate when updating PP490 and PP492 a kit with extension cables has been created. Connect the extension cables to the PP and let them remain connected for future updates.

AFFECTED UNITS

This is a solution for aftermarket only and will not be implemented in production.

PROCEDURE

- Connect the extension cables to the PP main board. Each cable is marked with a connection point on the main board.
- Use the including cable ties (4 pcs) to attach the cables in the same way as in figure 1. There is one extra cable tie included.
- Use the velcro belt to strap all the cables together as in figure 2.
